In addition to the iPad, the George Washington University School of Medicine and Health Sciences (SMHS) has purchased a 2-year AppleCare warranty for each iPad issued to an incoming physician assistant (PA) student. This warranty extends the standard 1-year limited hardware warranty to give the PA student a total of 3 years of coverage. This coverage includes up to 2 incidents of accidental damage (subject to a $49 service fee). This coverage does NOT include replacements in the case of loss or theft. All iPads are pre-enrolled in AppleCare and registered with Apple. To resolve a hardware problem or request service, the student must take his/her iPad to any Apple Store where coverage can be verified using the serial number that is unique to each iPad.

Additional information about AppleCare coverage may be found at Apple’s website:

Complete Terms and Conditions:

By signing this form, you agree that you have received, understand, and will abide by the provisions of the AppleCare warranty for your GWU issued iPad.
